

Virtual Author Visits

My virtual author visits are suitable for Primary age children in any location worldwide and include:

1. Interactive author reading of your chosen book(s).
2. Time to for the children to ask questions.

Each session will also include:

1. A personalised 'hello' video to get the children excited for the visit.
2. Associated games for the children to enjoy after the author reading.
3. An associated activity pack to continue the fun either in the classroom or for the children to take home with them.
4. The option for parents to purchase personally signed books to be delivered ready for the day of the visit and for the school to earn commission on (this could offset the price of the visit if you sell enough!) (UK only).
